NORTHRUP, KING & CO.'S WHOLESALE PRICE LIST FOR DEALERS ONLY

TERMS

Below we give today's quotations, which are for immediate shipment and strictly subject to market fluctuations. Goods ordered at open prices, invoiced at our lowest price date of shipment. Terms, Net Cash, subject to demand draft. F.O.B. Minneapolis, no charge for cartage. Sacks extra, at value. Should our prices appear higher than those of other houses please send for samples and compare qualities. These prices are based on orders for unbroken packages. Where less than full bag quantities are ordered, a shade higher price is necessarily charged to pay partly for extra labor.

MANIFEST ERRORS EXCEPTED

June 13, 1923

DISCLAIMER

Northrup, King & Co. do not give, and their agents and employees are forbidden to give any warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants they send out, and will not be in any way responsible for the crop. Purity and germination tests are mentioned for guidance only and without guarantee. WHEN NO BRAND IS SPECIFIED ON ORDERS WE WILL SHIP NORTHLAND BRAND.

Field Corn

STERLING BRAND CORN

Our Sterling Seed Corn will be packed only in Sterling Branded Bags.

Sterling Seed Corn is in a class by itself. It is grown from our own bred up seed stocks, under our personal supervision. It is picked early, rushed into our special drying room and thoroly dried before cold weather, preserving all the original vigor of the germ.

The ears are twice hand selected, the seed carefully graded and germination tests made at low temperatures. High yields and full stands can be depended upon only from seeds of high quality. Protect your reputation and increase your sales by selling only the best.

Seed Corn of Sterling Quality cannot be sold for less

FARGO-MOORHEAD BRANCH

To give better service and save freight for our customers in the Fargo-Moorhead territory, we have opened a branch warehouse and office at Moorhead, located in the Moorhead Storage & Transfer Co building. The Minneapolis prices on this list will apply F. O. B. Fargo or Moorhead, except there must be added a small charge to the few following items only:-

Pop Corn and Timothy, 25c per 100 lbs. higher

Rape, Sorghum, Sudan, Soy Beans, Sunflower, Lawn Seed, 50c per 100 lbs. higher. Fodder Corn, 5c per bushel higher.

For the present, no Onion Sets, Seed Grain, Buckwheat, or Vetch will be carried in stock at Moorhead or Fargo.

Orders for shipment from Fargo or Moorhead should be sent to Northrup King & Co., Moorhead, Minn.

Nitrate of Soda

18% Ammonia

Now recognized as the most desirable and most quickly available source of Nitrogen.

There is no crop grown which is not greatly improved and increased in yield by an application of Nitrate of Soda, and for successful and profitable growing of many crops, it has become a necessity, especially for grass, grain, corn and garden truck.

Use as a top dressing at the rate of 100 lbs. per acre on the following vegetables when plants are well established, viz.: Beets, Cabbage, Cauliflower, Cucumber, Celery, Egg Plant, Lettuce, Spinach and Onion

For Asparagus use at the rate of 250 lbs. per acre as a top dressing after the first shoots make their appearance.

For Strawberries use 100 lbs. per acre as a top dressing after the plants have blossomed.

For Grass and Grain use at the rate of 100 lbs. to 200 lbs. per acre when growth is well established.

For the home garden, apply in soluble form, using one ounce to 2 gallons of water.

For Sweet Peas, apply in soluble form, using one ounce to 2 gallons of water.

Nitrate of Soda should be applied directly to the soil and should not be allowed to touch the foliage.

Per ton	$80.00

Ben Franklin Agricultural Gypsum

(gypsum fertilizer or land plaster) greatly benefits the growth of clovers, alfalfa and other legumes, including Beans and Peas, as well as Cabbage, Turnips Potatoes, Onions and certain other plants.

Agricultural Gypsum is a preservative and deodorizer of barnyard, stable and henyard manure It holds the ammonia thereby preserves the nitrogen until it is ready to be applied to the soil. Sprinkle a few handfuls of Agricultural Gypsum on the manure pile in the stable or on the henroosts. Besides preserving the ammonia, it gives a clean, sanitary, odorless condition about the stables.

Agricultural Gypsum should be applied at the rate of 400 to 800 pounds to the acre for garden crops and 200 to 400 pounds to the acre for field crops.

Per ton	$18.00
